**Student Signature -** \_\_\_\_\_

**Parent / Guardian Signature -** \_\_\_\_\_

# **The Ian Foster Memorial Fund**

## **Sports Participation Scholarship**

**Ian Foster was a young boy of 15 in the year 2005, when he tragically drowned just off the North Jetty of the Siuslaw River. Ian loved sports and was an active member of our athletic program here at Siuslaw HS.**

**The Ian Foster Memorial Fund was established at the request of the Foster family with the idea that these funds would be earmarked to assist students who had a financial hardship with respect to their sports participation fees.**

**In discussion with the family, several provisions would guide the allocation and distribution of scholarships for student-athletes –**

- Funds will be distributed across all seasons: fall, winter & spring.**
- Gender equity would be considered, whenever it applied.**
- Students who accept scholarships may be asked to participate in either fundraising activities or work projects for the Athletic Department.**
- School administration will develop an application process to document dispersal of scholarships.**
- A cap of \$75 in scholarships per family would apply. The cap amount was set so that multiple students could benefit from the fund.**
- The fund would be on going.**
